MISSION STATEMENT & HISTORY

Celebrating 25 Years 1985 – 2010

C.A.S.E. is a group of agencies, organizations and individuals whose mission is to provide resource education and networking opportunities to enhance services for the aging in Niagara County.

Established in 1985, the focus of C.A.S.E. was to provide educational forums across the county that served as vehicles for networking and referral. It became apparent from these forums that transportation was a major concern for older adults. C.A.S.E. members conducted a survey in 1989 that indicated the need for consolidated, concise information about available transportation services in Niagara County. As a result, a transportation directory was created that is periodically updated.

In 1990, C.A.S.E. sponsored its first networking conference. The conference has become an annual event that provides current information regarding issues affecting older adults. It also acts as an opportunity for service providers to meet and share ideas.
