Cancer Services Program
(716) 278-8596

The Cancer Services Program of Niagara County announces a new website for the Cancer Services Programs of Western New York. The Cancer Services Program offers free breast, cervical and colorectal cancer screenings for individuals ages 40-64 that have no health insurance or high deductible or co pays. People who are employed full or part-time and have no health insurance or cannot afford the co pay or deductibles for these services are encouraged to call (716) 278-8285. The program is provided through a grant from the New York State Department of Health and is administered by the Niagara County Department of Health. More information about the Cancer Services Program is available at www.cspwny.org
