

**DEPARTMENT:** TOWNS  
**CLASSIFICATION:** COMPETITIVE  
**APPROVED:** MARCH 15, 2010

**DEPUTY SUPERINTENDENT OF WATER & SEWER MAINTENANCE**  
**(DISTRIBUTION SYSTEM)**

**DISTINGUISHING FEATURES OF THE CLASS:** The incumbent acts as foreman, supervises, and directs all subordinate water and sewer division employees. Responsibilities include assigning duties to subordinates and inspecting progress and completion of tasks. Employees in this class oversee and participate in, when necessary, the construction, repair, and maintenance of a municipal water distribution and sewer system. The incumbent assists the Superintendent with laying out, planning and purchasing of materials required for the proper completion of assignments. General direction is received from the Superintendent and the incumbent acts as Superintendent in his/her absence when directed. Leeway is permitted for the exercise of independent judgment in carrying out the details of the work in accordance with established policies and procedures. Direct supervision is exercised over maintenance workers, laborers, and clerical staff. Does related work as required.

**TYPICAL WORK ACTIVITIES:**

1. Supervises and, on occasion, participates in the maintenance of existing water and sewer lines and extension of water mains and sewer mains (both gravity and grinder systems);
2. Maintains comprehensive records of repairs, replacements, preventive maintenance and inspection schedules and associated expenses;
3. Monitors, analyzes, and records readings from master meter pits and pump stations, reporting outcomes to the department head, when appropriate;
4. Maintains inventory records of all materials, tools, equipment, supplies, and expenses;
5. Assigns the operation of heavy equipment and in critical situations may operate the equipment;
6. Inspects major construction on water and sewer lines;
7. Collaborates with contractor(s) on water and sewer projects;
8. Follows and ensures compliance with Occupational Safety and Health Administration (OSHA) & safety regulations including the requirement for lock out-tag out, confined space, hazardous-materials, and asbestos safety. Maintains records of same, as required;
9. Locates and marks "Dig Safely New York" underground requests on all Town owned facilities and requests utility stake outs before digging;
10. Inspects and services mechanical and electrical control systems;
11. Assists in department budget preparation;
12. Assists in the maintenance of department inventories and ensures that records are properly maintained;
13. May perform plumbing and electrical work in the maintenance, repair and extension of the Town's water and sewer system, pressure system and pump station in the absence of qualified workers;
14. Receives "after hour" emergency calls and alarm calls, including building security, "Dig Safely New York," and water pressure system monitors, and either responds directly or dispatches appropriate crews in response to the calls;
15. Oversees job assignments to minimize out-of-title pay and maintains records of out-of-title pay work and overtime assignments;
16. When assigned, performs various tasks related to public work activities.

**CONTINUED**
