§ 363-d. Provider compliance program. 1. The legislature finds that medical assistance providers may be able to detect and correct payment and billing mistakes and fraud if required to develop and implement compliance programs. It is the purpose of such programs to organize provider resources to resolve payment discrepancies and detect inaccurate billings, among other things, as quickly and efficiently as possible, and to impose systemic checks and balances to prevent future recurrences. The legislature accordingly declares that it is in the public interest that providers within the medical assistance program implement compliance programs. The legislature also recognizes the wide variety of provider types in the medical assistance program and the need for compliance programs that reflect a provider's size, complexity, resources, and culture. For a compliance program to be effective, it must be designed to be compatible with the provider's characteristics. At the same time, however, the legislature determines that there are key components that must be included in every compliance program and such components should be required if a provider is to be a medical assistance program participant. Accordingly, the provisions of this section require providers to adopt effective compliance program elements, and make each provider responsible for implementing such a program appropriate to its characteristics.

2. Every provider of medical assistance program items and services that is subject to subdivision four of this section shall adopt and implement a compliance program. The office of Medicaid inspector general shall create and make available on its website guidelines, which may include a model compliance program, that reflect the requirements of this section. Such program shall at a minimum be applicable to billings to and payments from the medical assistance program but need not be confined to such matters. The compliance program required pursuant to this section may be a component of more comprehensive compliance activities by the medical assistance provider so long as the requirements of this section are met. A compliance program shall include the following elements:

(a) written policies and procedures that describe compliance expectations as embodied in a code of conduct or code of ethics, implement the operation of the compliance program, provide guidance to employees and others on dealing with potential compliance issues, identify how to communicate compliance issues to appropriate compliance personnel and describe how potential compliance problems are investigated and resolved;

(b) designate an employee vested with responsibility for the day-to-day operation of the compliance program; such employee's duties may solely relate to compliance or may be combined with other duties so long as compliance responsibilities are satisfactorily carried out; such employee shall report directly to the entity's chief executive or other senior administrator and shall periodically report directly to the governing body on the activities of the compliance program;

(c) training and education of all affected employees and persons associated with the provider, including executives and governing body members, on compliance issues, expectations and the compliance program operation; such training shall occur periodically and shall be made a part of the orientation for a new employee, appointee or associate, executive and governing body member;

(d) communication lines to the responsible compliance position, as
described in paragraph (b) of this subdivision, that are accessible to all employees, persons associated with the provider, executives and governing body members, to allow compliance issues to be reported; such communication lines shall include a method for anonymous and
confidential good faith reporting of potential compliance issues as they are identified;

(e) disciplinary policies to encourage good faith participation in the compliance program by all affected individuals, including policies that articulate expectations for reporting compliance issues and assist in their resolution and outline sanctions for: (1) failing to report suspected problems; (2) participating in non-compliant behavior; or (3) encouraging, directing, facilitating or permitting non-compliant behavior; such disciplinary policies shall be fairly and firmly enforced;

(f) a system for routine identification of compliance risk areas specific to the provider type, for self-evaluation of such risk areas, including internal audits and as appropriate external audits, and for evaluation of potential or actual non-compliance as a result of such self-evaluations and audits;

(g) a system for responding to compliance issues as they are raised; for investigating potential compliance problems; responding to compliance problems as identified in the course of self-evaluations and audits; correcting such problems promptly and thoroughly and implementing procedures, policies and systems as necessary to reduce the potential for recurrence; identifying and reporting compliance issues to the department or the office of Medicaid inspector general; and refunding overpayments;

(h) a policy of non-intimidation and non-retaliation for good faith participation in the compliance program, including but not limited to reporting potential issues, investigating issues, self-evaluations, audits and remedial actions, and reporting to appropriate officials as provided in sections seven hundred forty and seven hundred forty-one of the labor law.

3. Upon enrollment in the medical assistance program, a provider shall certify to the department that the provider satisfactorily meets the requirements of this section. Additionally, the commissioner of health and Medicaid inspector general shall have the authority to determine at any time if a provider has a compliance program that satisfactorily meets the requirements of this section.

(a) A compliance program that is accepted by the federal department of health and human services office of inspector general and remains in compliance with the standards promulgated by such office shall be deemed in compliance with the provisions of this section, so long as such plans adequately address medical assistance program risk areas and compliance issues.

(b) In the event that the commissioner of health or the Medicaid inspector general finds that the provider does not have a satisfactory program within ninety days after the effective date of the regulations issued pursuant to subdivision four of this section, the provider may be subject to any sanctions or penalties permitted by federal or state laws and regulations, including revocation of the provider's agreement to participate in the medical assistance program.

4. The Medicaid inspector general, in consultation with the department of health, shall promulgate regulations establishing those providers that shall be subject to the provisions of this section including, but not limited to, those subject to the provisions of articles twenty-eight and thirty-six of the public health law, articles sixteen and thirty-one of the mental hygiene law, and other providers of care, services and supplies under the medical assistance program for which the medical assistance program is a substantial portion of their business operations.

When a member of the Niagara County Legislature must take official action on a matter in which he or she has a personal or economic interest distinct from that of the general community, their constituents, or a substantial class of the general community or their constituents, the Legislator should consider divesting that interest, if it can be feasibly done without undue hardship. The Legislator's decision in that regard shall be conclusive. If the Legislator does not divest that interest, considering both the seriousness of any appearance of impropriety and the seriousness of the public's need for participation in the action under consideration, the Legislator must abstain from participation in such action.

If the person fails to make such filing or fails to cure the deficiency within the specified time period, the Board shall send a notice of delinquency to: (a) the reporting person; (b) the reporting person's department head, if appropriate; and (c) the Chairman of the Legislature. The Chairman of the Legislature shall cause the list of those persons who have failed to file reporting statements to be published in the Minutes of the Niagara County Legislature. Any person who fails to file shall be subject to the appropriate sanctions as set forth in Section 14 of this Code of Ethics.

3. The department head approves such travel reimbursement pursuant to these rules or, if the person travelling is a department head, then such travel shall be approved by the Chairman of the appropriate Legislative committee;

4. The travel expenses, if not reimbursed, could be paid by the County agency according to its travel reimbursement procedure;

5. The expenses reimbursed on behalf of the officer or employee would be at a rate not materially greater than the County agency would reimburse the officer or employee under its travel rules or regulations;

8. Any reimbursement for travel expenses for each trip which totals in excess of $1,000 received by an officer or employee required to file a financial disclosure statement pursuant to this Code of Ethics must be reported in that disclosure statement, regardless of whether approval for such receipt is required under these rules.

9. Nothing herein shall preclude the use of either County vehicles (or other transportation) or personnel where such have been specifically assigned for use to any officer or employee and such use is authorized or provided to such official, officer, or employee as part of his or her employment or for his or her security.

10. Under no circumstances shall an officer or employee submit for or receive reimbursement for the same travel expenses from more than one agency, organization, or governmental entity.

As vacancies occur, successor members shall be appointed by the Chairman of the Legislature subject to confirmation by the County Legislature by a simple majority. A person appointed to fill a vacancy occurring other than by expiration of a term of office shall be appointed for the unexpired term of the member he or she succeeds.

A majority of the members shall be persons other than County officers or employees but at least one (1) member shall be a County officer or employee. All members shall reside in Niagara County. All members shall serve without compensation, but shall be entitled to reimbursement for reasonable expenses and for mileage in accordance with those rules established by the Legislature.

The Chairman of the Legislature shall appoint a Chairman of the Board of Ethics from among its members. Three (3) members of the Board shall constitute a quorum and the Board shall have the power to act by majority vote of the members of the Board present. The County Attorney, or one of his assistants, shall serve as legal counsel to the Board.

3. In addition to the sanctions set forth in Section 14 of this Code of Ethics for violation of said Code, and other pertinent sections of local and state law, any member of the Board of Ethics may be removed from office prior to the expiration of their term of office by resolution of the County Legislature by a simple majority.

Failure on the part of any member of the Board of Ethics to attend three (3) consecutive meetings of the Board, without good cause shown to the Chairman of the Board, shall be grounds for immediate removal.
SECTION 12. **Powers, duties, and functions of the Board of Ethics**

The Board shall have the powers, duties, and functions provided by Article 18 of the General Municipal Law including, but not limited to:

1. The Board of Ethics shall be the repository for completed annual Disclosure Statements and such other written instruments, affidavits, and disclosures as required by law. The Board shall inspect all Disclosure Statements to ascertain whether any person required to file a statement has failed to do so, has filed a deficient statement, or has filed a statement which reveals a possible violation of this Code.

2. The Board of Ethics shall possess, exercise, and enjoy all the rights, powers, and privileges necessary to the enforcement of this Code of Ethics, and shall, in all respects, be considered to be an agency of the County.

3. The Board of Ethics shall promulgate rules and regulations in furtherance of its power and duties, including rules governing the conduct of adjudicatory proceedings and appeals therefrom, relating to the assessment of the civil sanctions as set forth in Section 14 of this Code.

4. The Board of Ethics shall periodically review, update, publish, and circulate a "Question and Answer" handbook that discusses common ethical issues that arise under this Code.

5. In the appropriate case, the County Legislature may, by resolution, following a written request from the Chairman of the Board of Ethics, empower the Board to subpoena any individual, whether or not a County officer or employee, or any document or thing deemed necessary to the Board in resolving any pending adjudicatory proceeding or investigation. The County Legislature shall act in a manner so that the subject matter of the request, the person, and the department involved shall not be a matter of public disclosure.

6. The Board of Ethics shall render advisory opinions, in writing, to County officers and employees upon written request of the officer or employee with regard to his or her own affairs. The head of a County department, administrative unit, or other agency may request an advisory opinion with regard to the affairs of any of his or her subordinates. The District Attorney, County Attorney, Sheriff, County Auditor, Chairman of the Legislature, or Majority Leader or Minority Leader of the Legislature may request an advisory opinion with regard to the affairs of any County officer or employee.

Said advisory opinions shall be rendered, if practicable, within thirty (30) days of the written request. The thirty (30) day time period may be extended by an additional thirty (30) days at the Board's discretion. Thereafter, if deemed necessary by the Board, the time period may be extended by an additional ninety (90) days upon notification to the Clerk of the Legislature that a particular matter is under investigation and an additional ninety (90) days is required. The Clerk of the Legislature shall cause such notification of extension to be published in the minutes of the Niagara County Legislature without publicly disclosing the subject of the investigation, the person, or the department involved. In any event, the Board shall render its advisory opinion no later than one hundred fifty (150) days from the date of receipt of the written request.

7. Said advisory opinions shall not be made public or disclosed unless required by the Freedom of Information Law (Public Officers Law Article 6) or pursuant to Judicial subpoena or required to be used in a disciplinary proceeding or a proceeding under Section 14 of this Code involving the County officer or employee who requested the opinion. Whenever a request for access to an advisory opinion is received, the County officer or employee who originally requested the advisory opinion shall be notified of the subsequent request for access within three (3) business days of its receipt.

8. All citizens of the County of Niagara may, in writing, notify the Board of Ethics of any perceived violations of the Code of Ethics. The Board shall review said citizen complaints and make an initial
determination of whether or not an advisory opinion is appropriate. This determination shall be made by a simple majority of those members of the Board present.

If it is determined by the Board that an advisory opinion will be rendered upon citizen complaint, the Board shall act upon such complaint following the procedures and within the time frame set forth in paragraph 6.

Copies of the advisory opinions rendered pursuant to a citizen's complaint shall be directed to the District Attorney and the County Attorney. In addition, if any advisory opinion is rendered, written acknowledgement of any investigation and subsequent finding shall be directed to the citizen complainant. For purposes of this Code of Ethics, "citizens of the County of Niagara" shall include persons who reside in, are employed within, or own real property in Niagara County.

9. In the event that the Board of Ethics fails to act, or acts in contravention of the Code of Ethics, an aggrieved party may pursue any remedies available, in law or in equity, including, but not limited to, a proceeding under Article 78 of the Civil Practice Law and Rules.

10. Such advisory opinions shall be in writing and shall discuss, at minimum, the issue the Board is presented with, a summary of the evidence or information upon which the Board is basing its decision, the response, if any, from the person whose conduct is questioned, and the decision of the Board, including recommendations for sanction under Section 14 of this Code, referrals to other government agencies, or conclusions that no further action is necessary.

11. The Board may make such additional rules and regulations as it shall consider appropriate in relation to its procedures.

12. The Board of Ethics shall be empowered to request support staff assistance from the Chairman of the Legislature or the Director of Human Resources, as necessary, in furtherance of its duties and responsibilities.

13. The Board of Ethics shall meet, at a minimum, on a quarterly basis, and at any other time or times deemed necessary by the Chairman of the Board to responsibly fulfill its duties to the citizens of the County of Niagara.

SECTION 13. Compilation and distribution of this code

The Director of Human Resources shall cause a copy of this Code to be distributed to every officer and employee of the County within sixty (60) days after the effective date of this Local Law or as soon thereafter as may be practicable. Every officer and employee elected or appointed thereafter shall be furnished with a copy of such Code within ten (10) days after entering upon the duties of their office or employment. A "Question and Answer" handbook shall be prepared and circulated. The Board of Ethics shall periodically review and update the "Question and Answer" handbook that discusses common ethical questions arising under this Code. This periodic review should be undertaken at least once every two (2) years.

SECTION 14. Complaints and hearings

1. All complaints alleging a violation of this code must be submitted in writing. The complainant must sign his or her name and state his or her address.

2. The identity of the complainant and the nature of the complaint shall be kept confidential whenever reasonably possible.

3. Upon receipt of a complaint, the Board shall make a determination as to whether, on its face, the complaint alleges a violation of the Code of Ethics. If a determination is made that a violation is not alleged by the complaint, the Board shall notify the complainant of its determination in writing.
4. If a determination is made that a violation is alleged by the complaint, the Board shall notify, in writing, the person against whom the complaint is made of the nature of the complaint and the Code provisions allegedly violated. The Board shall also notify the complainant that the complaint has been received and shall be reviewed by the Board.

5. The person charged with a violation shall have fifteen days from receipt of notice of the violation to respond in writing to the Board’s notice of alleged violation. The response shall either admit the violation or state facts supporting a denial of the charge.

6. If the charge is denied, the Board shall either dismiss the charge if the facts presented so warrant or conduct a fact hearing.

7. A fact hearing shall consist of sworn testimony, affidavits or such documentary evidence as the Board allows. The person charged shall be allowed to present evidence and to confront evidence presented against him or her. The person charged may be represented by legal counsel. Strict rules of evidence under the laws of the State of New York shall not apply to the hearing. The Board may direct that the hearing be stenographically recorded and transcribed.

8. After the hearing is concluded, the Board shall issue its decision in writing, indicating the reasons therefor. Such decision shall be rendered, if practicable, within the time limits set forth for advisory opinions as contained in Section 12 herein.

SECTION 15. Sanctions

1. Disciplinary action

Any County officer or employee who engages in any action that violates any provision of this Code may be warned or reprimanded or suspended or removed from office or employment, except as otherwise provided by the Public Officers Law of the State of New York, or be subject to any other sanction authorized by law or collective bargaining agreement by the appointing authority or person or body authorized by law to impose such sanctions. No provision herein shall bar a county officer or employee from pursuing any and all rights afforded to them under any collective bargaining agreement to which they are a party should the Board of Ethics recommend oral warning, written reprimand, suspension from employment with or without pay, or removal from office as a result of the officer or employee having been found to have engaged in any action that violates any provision of this Code. An oral warning, written reprimand, suspension from employment with or without pay, removal from office or employment, or other authorized sanction may be imposed in addition to any other penalty contained in this Code or in any other provision of law.

4. **Civil forfeiture**

Any person, whether or not a County officer or employee, who intentionally or knowingly violates any provision of this Code, may be subject to a civil forfeiture to the County in a sum equal to three times the value of any financial benefit he or she received as a result of the conduct that constituted the violation. A civil forfeiture shall be imposed in addition to any other penalty contained in any other provision of law or in this Code, other than a civil fine pursuant to Subdivision 2 or damages pursuant to Subdivision 3 of this section.

5. **Violation**

Any person, whether or not a County officer or employee, who intentionally and knowingly violates any provision of this Code shall be guilty of a violation and, upon conviction thereof, if a County officer or employee, shall forfeit his or her County office or employment, subject to the procedures in Civil Service Law and the respective Collective Bargaining Agreements.

   b. No person, whether or not a County officer or employee, shall enter into a contract in violation of a bar imposed pursuant to Subdivision a of this subsection.

   c. Nothing in this subsection shall be construed to prohibit any person from receiving a service or benefit or from using a facility, which is generally available to the public.

   d. Under this subsection, a corporation, partnership, or other entity shall not be held vicariously liable for the actions of an employee. A corporation, partnership, or other entity shall not be debarred because of the actions of an employee unless the employee acted in the execution of company policy, request, or custom. A store, region, division, or other unit of an entity shall not be debarred because of the actions of an employee of that unit unless the employee acted at the direction, or with the actual knowledge or approval, of the manager of the unit.

7. Whenever any provision of this Code is in conflict with any article of a valid collective bargaining agreement between Niagara County and any of its recognized unions or in conflict with any provisions of the Civil Service Law of the State of New York or the Penal Law, the provisions of the respective collective bargaining agreements or the Civil Service and Penal Laws shall be in full force and effect and shall supersede the provisions of this Code.

**SECTION 16. Enforcement of Sanctions**

The Board of Ethics shall make recommendations for oral warnings or written reprimands. It shall utilize the Human Resources Department, the Payroll Department, the Civil Service Commission, or any other appropriate County agency or department to see to it that warnings, reprimands, suspensions, or removals from office are effectuated. It shall utilize the County Attorney's Office to see to it that civil fines, damages, civil penalties, and debarments are executed. It shall refer activity that could constitute a criminal violation to the Niagara County Sheriff and the District Attorney's Office. The Board of Ethics shall also file copies of its opinions and determinations with the County

No action or special proceeding shall be prosecuted or maintained pursuant to Subdivision 1 of this section, unless (a) the plaintiff or petitioner shall have filed with the Board of Ethics a written complaint alleging the violation by the officer or employee, (b) it shall appear by and as an allegation in the complaint or petition filed with the court that at least one hundred fifty (150) days have elapsed since the filing of the complaint with the Board of Ethics, and that the Board has failed to file a determination in the matter, and (c) the action or special proceeding shall be commenced within ten (10) months after the alleged violation occurred. If the violation is a continuing one, action must occur within ten (10) months of discovery of the alleged violation.

SECTION 18. Severability of code provisions

There are a number of laws on both the State and Federal level which impact Compliance issues. Below is a description of some of these laws and the brief description of their relation to Compliance issues.

**Anti-Kickback Statutes**

There are several federal and state anti-kickback statutes which focus upon "knowingly and willingly solicits or receives any remuneration (including a kickback, bribe or rebate) directly or indirectly, overtly or covertly, in cash or in-kind: A) in return for referring an individual to a person for the furnishing or arranging for the furnishing of any item or service for which payment may be made in whole or in part under a federal healthcare program, or B) in return for purchasing, leasing, ordering or arranging for or recommending purchasing, leasing, or ordering of any good, facility, service or item for which payment may be made in whole or in part under a federal healthcare program" (Social Security Act §1128B(b); 42 USC §1320a-7b(b)).

The Medicare and Medicaid Patient and Program Protection Act, 42 USC §1320a-7b(b), as amended (the “Anti-Kickback Statute”) prohibits:

- The knowing and willful offer or receipt of any remuneration (defined broadly to include anything of value) in exchange for a referral or which is intended to induce a referral for the furnishing or arranging for the furnishing of any item or service for which payment may be made under a federal health program, including the Medicare and Medicaid programs.

- The offer or receipt of remuneration in exchange for or which is intended to induce the purchase, lease, order or arranging for or recommending the purchase, lease or order of any good, facility, service or item for which payment may be made under a federal health care program, including Medicare and Medicaid.

**The Stark Laws**

The Stark Laws are a set of federal laws that attempt to control the amount of remuneration from facilities and services a physician can receive if that same physician has a financial interest in the facilities/services. In terms of these laws, the word “physician” is interpreted to mean osteopathic physicians, dentists, optometrists, and chiropractors, to name a few specialties.

The physician self-referral provisions contained in 42 USC §1395nn (Commonly referred to as the “Stark Law”) prohibit a physician with a financial relationship with an entity from making a referral to that entity for the furnishing of certain “designated health services” for which payment may be made under Medicare or Medicaid.

**The False Claims Act**

The federal False Claims Act is one of the driving forces behind the requirement for Compliance Plans. This law delineates both civil and criminal penalties for the filing of false claims. This Act is not limited in application to the health care field. Congress originally passed some of these laws in the nineteenth century. The current focus upon provisions of this act being interpreted in
the health care arena is consistent with the manner in which this law has been applied to other industries.

The False Claims Act imposes civil liability on any person or entity that submits a false or fraudulent claim for payment to the United States government. The False Claim Act covers fraud involving any federally funded program, with the exception of tax fraud. The primary activities that constitute violations under the False Claims Act include:

- Knowingly presenting (or causing to be presented) to the Federal Government a false or fraudulent claim for payment;
- Knowingly using (or causing to be used) a false record or statement to get a claim paid by the federal government;
- Conspiring with others to get a false or fraudulent claim paid by the Federal Government; and
- Knowingly using (or causing to be used) a false record or statement to conceal, avoid, or decrease an obligation to pay money or transmit property to the Federal Government.
- The "qui tam" or "whistleblower" provision of the False Claims Act (FCA) allow an individual who knows about a person or entity who is submitting false claims to bring suit, on behalf of the government, and to share in the damages recovered as a result of the suit (FCA §3730(b)).

**Antitrust Laws**

Creating a trade monopoly, unfair methods of competition and other means that limit competition may not be legal and may be governed by federal and/or state antitrust laws and regulations. Certain types of joint ventures involving the acquisition of equipment, group purchasing agreements and transactions that tend to monopolize a market for particular types of services might trigger an antitrust review.

It is the policy of Niagara County Department of Health Nursing Division to comply fully with federal and state antitrust laws and regulations.

Employees of Niagara County Department of Health Nursing Division may not enter into agreements or understandings with a competitor that unlawfully limit or restrict competition.

This policy applies not only to express formal and written agreements but also to imply informal and oral agreements.

When purchasing goods or services for Niagara County Department of Health Nursing Division, employees may not enter into agreements or understandings that unlawfully limit or restrict purchasing decisions of Niagara County Department of Health Nursing Division.

For example, no employee of Niagara County Department of Health Nursing Division may agree with other health care systems or providers to boycott a given supplier or to pay no more than a given amount for some good or service.
Laws relating to tax exempt status

It is the policy of Niagara County Department of Health Nursing Division to comply fully with all federal and state laws and regulations and to preserve the tax-exempt status of Niagara County Department of Health Nursing Division.

Niagara County Department of Health Nursing Division will conduct its operations in such a manner as to enable the resources of Niagara County Department of Health Nursing Division to be used for the benefit of the community, rather than the private interests of any individual within Niagara County Department of Health Nursing Division.

OMIG Self Disclosure Program
August 2012

Introduction

The New York State Office of Medicaid Inspector General (OMIG) originally issued self-disclosure guidance for Medicaid providers on March 12, 2009. OMIG developed the self-disclosure guide in consultation with health care providers and industry professionals to give providers an easy-to-use method for disclosing overpayments.

OMIG designed this approach to encourage providers to investigate and report matters that involve possible fraud, waste, abuse or inappropriate payment of funds that they identify through self-review, compliance programs, or internal controls that affect the state’s Medicaid program. This guide is designed to help the provider through the process, point out advantages of self-disclosure, offer a user-friendly mechanism, and make providers aware of regulatory compliance requirements.

Since its inception, the Self-Disclosure Program has been successful and utilized extensively by providers, benefiting both the providers and the Medicaid program. As a result of the OMIG Self-Disclosure Unit’s experience and feedback, the agency has made enhancements and had added resources to the process.

The function is now supplemented by utilizing the OMIG\HMS PORTal, a Web-based site maintained by OMIG’s contracted agent, HMS, Inc. The PORTal is an online mechanism used by OMIG\HMS to issue various projects and process recoveries in a simple, effective, and user-friendly electronic medium. OMIG has revised this guide to reflect the consolidation of the self-disclosure function within the agency to better serve the providers and the New York State Medicaid program.

Regulatory Authority

OMIG’s Self-Disclosure Program, is in accordance with OMIG’s enabling legislation:

[T]o, in conjunction with the commissioner, develop protocols to facilitate the efficient self-disclosure and collection of overpayments and monitor such collections, including those that are self-disclosed by providers. The provider’s good faith self-disclosure of overpayments may be considered as a mitigating factor in the determination of an administrative enforcement action. N.Y. PUB. HEALTH LAW § 32(18).

Self-disclosure and repayment of overpayments within 60 days of identification has become mandatory for Medicare and Medicaid providers under section 6402(a) of the Affordable Care Act (ACA) of 2010 and a mandatory part of New York’s compliance programs under 18 NYCRR 521.
When to Disclose

Providers should self-disclose after they fully investigate and confirm that an overpayment exists. OMIG’s self-disclosure protocol assists and enables providers in making disclosures directly to OMIG or through its contracted agent HMS, which maintains the online OMIG PORTal. Through this process, providers who identify that they received reimbursement to which they were not entitled, whether caused by mistake, fraud, or accident, must disclose the parameters of the problem, cause, and its potential Medicaid financial impact in accordance with the self-disclosure guidelines.

In addition, the federal Affordable Care Act requires providers to identify, self-disclose, explain, and repay overpayments within 60 calendar days of identification of the overpayment regardless of the financial threshold of participation in the Medicaid program.

The statute at 42 U.S.C. §1320a-7k(d)(1), requires a person who has received an overpayment to:

1. *report and return* the overpayment to the Secretary, the State, an intermediary, a carrier, or a contractor, as appropriate, at the correct address; and
2. *notify* the Secretary, State, intermediary, carrier, or contractor to whom the overpayment was returned in writing of the reason for the overpayment.

Failure to timely report and return any Medicare and Medicaid overpayment can have severe consequences, including potential liability under the False Claims Act, as well as the imposition of civil monetary penalties and exclusion from the Medicare and Medicaid programs.

Overpayment Reporting should occur when the following conditions are met:

1. Overpayment is NOT included in another, separate review or an audit being conducted by OMIG, vendors, or OIG.

2. Overpayment is NOT related to a broader state-initiated rate adjustment, cost settlement, or other broader payment adjustment mechanisms. (These include retroactive rate adjustments, charity care, cost reporting, etc.)

The repayment of simple, more routine occurrences of overpayment should continue through typical methods of resolution, which may include voiding or adjusting the amounts of claims.
The Process

Prior to contacting OMIG, the provider should fully investigate and determine the issue and prepare the disclosure including all the required information and documentation. Once an inappropriate payment is discovered, providers must determine whether the repayment warrants a self-disclosure or whether it would be better handled through administrative billing processes. Each incident must be considered on an individual basis. Factors to consider include: identification of the exact issue, the amount involved, any patterns or trends that the problem may demonstrate within the provider’s billing system, the extent of the period affected, the circumstances that led to the overpayment and whether or not the organization has an OMIG corporate integrity agreement (CIA) which requires self-disclosure.

The providers may choose to self-disclose using one of two methods:

1. Following the Self-Disclosure Submission Guidelines (see Attachment 1); or
2. Using the OMIG PORTal for electronic submission (see Attachment 2).

After receipt of the self-disclosure, the OMIG/HMS staff will consult with the provider and determine the most appropriate process for proceeding. OMIG/HMS staff will discuss the next steps which may include requesting additional information, verification of the overpayments and any regulatory clarification needed.

In the event that the provider is unable to determine if the self-disclosure issue resulted in non-compliance overpayments or has difficulty identifying the overpayments, OMIG staff can possibly assist the provider in the disposition of the issue. The provider, or its designated agent, may request data for the sole purpose of quantifying and validating a potential overpayment (see Attachment 3 – Data Request from Providers).

The use of statistical sampling must be approved by OMIG and all documentation related to the review and extrapolation must be submitted to OMIG for review and approval. Data may be provided by OMIG to establish the appropriate universe and sampling method upon request and approval by OMIG.

To submit a self-disclosure or request data to develop same please send to:

Access to Information

Providers are expected to promptly comply with OMIG requests to provide documents and information materially related to the disclosure and to speak with relevant individuals. The OMIG is committed to working with providers in a cooperative manner to obtain relevant facts and evidence without interfering with the attorney-client privilege or work-product protection. Discussions with the provider's compliance officer, counsel, or other staff may be necessary to obtain information and agreement to complete the disclosure in a timely manner.

Access to Data

All documentation and data must be protected for confidentiality under the Health Insurance Portability and Accountability Act (HIPAA) by the provider and its representatives (staff, lawyer, or contractor). The US Department of Health and Human Services' HIPAA guidance states that: The "Privacy Rule" requires that a covered entity obtain satisfactory assurances from its business associate that the business associate will appropriately safeguard the protected health information it receives or creates on behalf of the covered entity. The satisfactory assurances must be submitted in writing to OMIG, whether in the form of a contract or other agreement between the covered entity and the business associate.

Restitution

All provider self-disclosures are subject to a thorough OMIG/HMS review to determine whether the amount identified is accurate. While repayment is encouraged and accepted as early in the process as possible, and will be credited toward the final settlement amount, the OMIG will not accept money, voids, and adjustments as full and final payment for self-disclosures prior to finalizing the review process.

Once a repayment amount has been established, assuming full repayment has not previously been made, the OMIG expects the provider to reimburse the State of New York for the overpayment. Providers interested in extended repayment terms due to hardship will be required to submit audited financial statements and/or other documentation to assist the OMIG in making that determination. Once the repayment has been finalized, the OMIG will issue a letter indicating closure of the matter.

Self-disclosure limitations

The OMIG Self-Disclosure Program is designed to report and recover overpayments due back to the Medicaid program. Depending on the nature of the issue, the OMIG's staff may refer the matter through established audit or investigation processes or to other state agencies.
Underpayments detected in the process or otherwise are not to be offset in the self-disclosure process. Underpayments must be re-billed to eMedNY and claims are subject to system edits and verifications. Time-barred claims are pended and reviewed by the Office of Health Insurance Programs (OHIP) for disposition and consideration for payment.
Self-Disclosure
Data Request from Providers

- Any request for data must be in writing and come from the provider or their designated agent

- This letter should provide assurances to the OMIG that the "business associate" of the provider has entered into a HIPAA-compliant agreement with the provider.

- The request must fully explain the issue or problem they are trying to address

- The request must fully define the universe of claims to be pulled

- OMIG will pull the universe

- If sampling is to be used to develop the overpayment, OMIG will pull the sample

- Upon completion of review, provider/agent must submit all work papers and finding for OMIG review

- If required, OMIG will do extrapolation
Guidelines for Provider Overpayment Reporting

The Office of the Medicaid Inspector General Provider Overpayment Reporting Terminal (OMIG PORTal) streamlines the reporting, repayment, and tracking of provider-identified Medicaid overpayments. The platform will act as a conduit to communicate overpayment issues to OMIG and ensure compliance with federal and state regulations regarding overpayment identification and repayment.

Examples of issues appropriate for reporting include, but are not limited to:

- Routine errors
  - Overpayments resulting from incorrect reporting of third-party payments, e.g., balance billing
  - Medicare coinsurance reporting with no reported Medicare paid amount
  - Multiple overpayments resulting from billing lab services provided during an inpatient stay
  - Overpayment resulting from billing an emergency room visit included in an inpatient stay
  - Overpayments resulting from billing incorrect ICD-9 assignment

- Systemic errors
  - Inability to reprocess adjustment(s) through the MMIS (eMedNY)

Overpayment Reporting should occur when the following conditions are met:

1. Overpayment is NOT included in another separate review or an audit being conducted by OMIG, vendors, or OIG.

2. Overpayment is NOT related to a broader state-initiated rate adjustment, cost settlement, or other broader payment adjustment mechanisms. (These include retroactive rate adjustments, charity care, cost reporting, etc.)

Reporting Options

OMIG/HMS Provider Portal (https://ecenter.hmsy.com/shri/Controller) — ideal for ongoing, routine self-reporting. To reduce data entry requirements, OMIG and HMS have developed a module in the Provider Portal to accept batch uploads. Please contact HMS at 518-724-7820 for questions regarding registration or the self-reporting process.
