NY Connects Niagara County offers information and assistance, education and screening to individuals, their families and/or caregivers, as well as people employed in the helping service professions. It assists Niagara County residents in making informed choices regarding their long term care needs by letting residents know who provides those services nearest to them and how to get in touch with service providers.

Long term care includes medical and non-medical services that are provided in a variety of settings. This may include home health services, assisted living, personal care services, therapy services, such as physical, occupational or speech, nursing homes, transportation services, adult day programs, and home delivered meals programs.

The goal of NY Connects Niagara County is to assist Niagara County residents in identifying available long term care options for themselves or their loved ones by providing accessible, coordinated, unbiased and person-centered information and assistance services. By identifying available long term care options, it is also our goal to enable a person to remain in their home as long as possible.

Every effort has been made to ensure the information contained in this guide is accurate and current. For the most current version of this guide, please visit the NY Connects Niagara County website at www.niagaracounty.com. Please select NY Connects under the departments listing.

You can also contact NY Connects Niagara County at (716) 438-3030, Monday through Friday, from 8:00 am to 4:00 pm with any questions you have regarding long term care services in Niagara County.
What is Long Term Care?

Traditionally, long term care only meant care provided in a nursing home. Today, long term care includes medical and non-medical services that are provided in a variety of settings. Long term care services include:

Activities of Daily Living Assessment  Insurance/Benefit Information & Counseling
Adult Care Homes  Interpreter Registries
Adult Day Care—Medical and Social  Legal Services
Advocacy  Mental Health Services
Assisted Living Facilities  Nutrition Assessment Services
Assistive Technology Equipment  Nutrition Education
Caregiver Training  Outreach Programs
Case/Care Management  Personal Care Services
Centers for Independent Living  Personal Emergency Response Systems
Child Care Provider Referrals  Personal Finances/Budget Counseling
Companionship  Private Duty Nursing
Condition Specific Rehabilitation Services  Property Tax Exemption Information
Congregate Meals/Nutrition Sites  Protective Services
Early Intervention Services for Children with Disabilities or Delays  Respite Care
Food Pantries  Senior Centers
Food Stamps  Services for People Living with Developmental Disabilities
Friendly Visiting  Skilled Nursing Facilities/Nursing Homes
Health Care Referrals  Soup Kitchens
Home Barrier Evaluation/Removal  Special Education Assessments
Home Delivered Meals  Substance Abuse Services
Home Health Care  Support Groups/Counseling
Home Maintenance & Minor Repair Services  Telephone Reassurance
Home Rehabilitation  Transportation
Hospice  Utility Bill Payment Assistance
Household Safety Education  Vocational Rehabilitation
Housing—Low Income, Subsidized and Non-Subsidized Rentals  Weatherization Programs
In-Home Attendants for People with Disabilities  Wellness Programs

Where are Long Term Care services provided?

Long Term Care services are provided in a variety of settings:

- In your home, such as home delivered meals or home health services;
- In the community where you live, such as a senior center or congregate dining site; or
- In a residential setting, such as an adult care home or skilled nursing facility.

Some agencies only perform services in one of the above settings while others may offer services in multiple settings. NY Connects Niagara County can provide you information about where various services are provided, based on your needs.
How do I determine my needs?

The type of care you need is determined by the amount of help you need with daily activities, such as:

- Bathing
- Dressing
- Eating
- Grooming
- Toileting
- Mobility/Transferring
- Housework
- Cleaning
- Preparing Meals
- Laundry
- Shopping/Errands
- Transportation

If you need help with one or more of these activities, you may need long term care services. Although it may be hard to decide what care and services you want, NY Connects Niagara County can connect you with the resources that can assist you.

How do I pay for Long Term Care services?

The following are common means of paying for long term care services:

- Long Term Care Insurance
- Medicare
- Medicaid
- Private resources, such as savings, pensions, or trust funds
- Veterans Benefits
- Health Insurance
- SSI/SSD

When your insurance does not cover the care you need, you may need to find a way to pay for your expenses.
What are Adult Day Programs?

There are two types of adult day programs; adult day medical programs or adult day social programs.

**Adult Day Medical Programs** are day care centers that provide health and related services as well as care and supervision for adults. These adults may require physical rehabilitation or other condition-specific forms of assistance on a limited but regular basis. These individuals would more than likely be at risk for entering a skilled nursing or intermediate care facility without the support of this type of program.

**Adult Day Social Programs** provide care and supervision in a protective setting for dependent adults living in the community. Services may include social and recreational activities, training that is essential for sustaining activities of daily living, hot meals and other related services.

The programs listed in the resource guide are provided in a community-based facility.
