NY Connects Niagara County offers information and assistance, education and screening to individuals, their families and/or caregivers, as well as people employed in the helping service professions. It assists Niagara County residents in making informed choices regarding their long term care needs by letting residents know who provides those services nearest to them and how to get in touch with service providers.

The goal of NY Connects Niagara County is to assist Niagara County residents in identifying available long term care options for them or their loved ones by providing accessible, coordinated, unbiased and person-centered information and assistance services. By providing information and assistance about available services, it is also our goal to enable a person to remain in their home as long as possible.

Every effort has been made to ensure the information contained in this guide is accurate and current. For the most current version of this guide, please visit the NY Connects Niagara County website at www.niagaracounty.com. Please select NY Connects under the departments listing.

You can contact NY Connects Niagara County at (716) 438-3030, Monday through Friday, from 9:00 am to 4:00 pm with any questions you have regarding long term care services in Niagara County.
What is Long Term Care?

Traditionally, long term care only meant care provided in a nursing home. Today, long term care includes medical and non-medical services that are provided in a variety of settings. Long term care services include:

<table>

Where are Long Term Care services provided?

Long Term Care services are provided in a variety of settings:

- In your home, such as home delivered meals or home health services;
- In the community where you live, such as a senior center or congregate dining site; or
- In a residential setting, such as an adult care home or skilled nursing facility.

Some agencies only perform services in one of the above settings while others may offer services in multiple settings. NY Connects Niagara County can provide you information about where various services are provided, based on your needs.
How do I determine my needs?

The type of care you need is determined by the amount of help you need with daily activities, such as:

- Bathing
- Dressing
- Eating
- Grooming
- Toileting
- Mobility/Transferring
- Housework
- Cleaning
- Preparing Meals
- Laundry
- Shopping/Errands
- Transportation

If you need help with one or more of these activities, you may need long term care services. Although it may be hard to decide what care and services you want, NY Connects Niagara County can connect you with the resources that can assist you.

How do I pay for Long Term Care services?

The following are common means of paying for long term care services:

- Long Term Care Insurance
- Medicare
- Medicaid
- Private resources, such as savings, pensions, or trust funds
- Veterans Benefits
- Health Insurance
- SSI/SSD

When your insurance does not cover the care you need, you may need to find a way to pay for your expenses.
What are Companionship, Friendly Visiting and Telephone Reassurance Programs?

**Companionship** programs provide friendship and shared activities for individuals who suffer from a lack of company, loneliness or social isolation. These programs are also for individuals who may need emotional support from a “friend” to cope with a difficult life situation or who lack the companionship and guidance of an adult figure or peer role model.

**Friendly Visiting** programs use “friendly visitors” to call on people who are hospitalized or in another institution setting or who are socially isolated due to disability or age. The objective is to brighten their day and help them to maintain contact with the outside world by reading, talking, listening, writing letter or performing other similar tasks. Friendly visitors may be volunteers or paid companions.

**Telephone Reassurance** programs contact frail elderly individuals or people who have disabilities by telephone on a regular basis to ensure their good health and safety, and to reassure them that help is available if and when they need it.
