NY Connects Niagara County offers information and assistance, education and screening to individuals, their families and/or caregivers, as well as people employed in the helping service professions. It assists Niagara County residents in making informed choices regarding their long term care needs by letting residents know who provides those services nearest to them and how to get in touch with service providers.

Long term care includes medical and non-medical services that are provided in a variety of settings. This may include home health services, assisted living, personal care services, therapy services, such as physical, occupational or speech, nursing homes, transportation services, adult day care programs, and home delivered meals programs.

The goal of NY Connects Niagara County is to assist Niagara County residents in identifying available long term care options for them or their loved ones by providing accessible, coordinated, unbiased and person-centered information and assistance services. By providing these services, it is also our goal to enable a person to remain in their home as long as possible.

Every effort has been made to ensure the information contained in this guide is accurate and current. For the most current version of this guide, please visit the NY Connects Niagara County website at www.niagaracounty.com. Please select NY Connects under the departments listing.

You can also contact NY Connects Niagara County at (716) 438-3030, Monday through Friday, from 8:30 am to 4:00 pm with any questions you have regarding long term care services in Niagara County.

What is Long Term Care?

Traditionally, long term care only meant care provided in a nursing home. Today, long term care includes medical and non-medical services that are provided in a variety of settings. Long term care services include:

Activities of Daily Living Assessment	Insurance/Benefit Information & Counseling
Adult Care Homes	Interpreter Registries
Adult Day Care—Medical and Social	Legal Services
Advocacy	Mental Health Services
Assisted Living Facilities	Nutrition Assessment Services
Assistive Technology Equipment	Nutrition Education
Caregiver Training	Outreach Programs
Case/Care Management	Personal Care Services
Centers for Independent Living	Personal Emergency Response Systems
Child Care Provider Referrals	Personal Finances/Budget Counseling
Companionship	Private Duty Nursing
Condition Specific Rehabilitation Services	Property Tax Exemption Information
Congregate Meals/Nutrition Sites	Protective Services
Early Intervention Services for Children with Disabilities or Delays	Respite Care
Food Pantries	Senior Centers
Food Stamps	Services for People Living with Developmental Disabilities
Friendly Visiting	Skilled Nursing Facilities/Nursing Homes
Health Care Referrals	Soup Kitchens
Home Barrier Evaluation/Removal	Special Education Assessments
Home Delivered Meals	Substance Abuse Services
Home Health Care	Support Groups/Counseling
Home Maintenance & Minor Repair Services	Telephone Reassurance
Home Rehabilitation	Transportation
Hospice	Utility Bill Payment Assistance
Household Safety Education	Vocational Rehabilitation
Housing—Low Income, Subsidized and Non-Subsidized Rentals	Weatherization Programs
In-Home Attendants for People with Disabilities	Wellness Programs
	WIC
	Yard Work

Where are Long Term Care services provided?

Long Term Care services are provided in a variety of settings:

- In your home, such as home delivered meals or home health services;
- In the community where you live, such as a senior center or congregate dining site; or
- In a residential setting, such as an adult care home or skilled nursing facility.

Some agencies only perform services in one of the above settings while others may offer services in multiple settings. NY Connects Niagara County can provide you information about where various services are provided, based on your needs.

How do I determine my needs?

The type of care you need is determined by the amount of help you need with daily activities, such as:

- Bathing
- Dressing
- Eating
- Grooming
- Toileting
- Mobility/Transferring
- Housework
- Cleaning
- Preparing Meals
- Laundry
- Shopping/Errands
- Transportation

If you need help with one or more of these activities, you may need long term care services. Although it may be hard to decide what care and services you want, NY Connects Niagara County can connect you with the resources that can assist you.

How do I pay for Long Term Care services?

The following are common means of paying for long term care services:

- Long Term Care Insurance
- Medicare
- Medicaid
- Private resources, such as savings, pensions, or trust funds
- Veteran's Benefits
- Health Insurance
- SSI/SSD

When your insurance does not cover the care you need, you may need to find a way to pay for your expenses.

What are Transportation Services?

Transportation services include automobile or van adaptation programs, disability related transportation, escort programs, medical transportation and senior ride programs.

Automobile or Van Adaptation Programs provide automobiles or vans which have seats, steering, signaling, gear shift and braking controls that have been modified for use by people with disabilities or programs that help disabled individuals obtain these types of modifications for their own vehicles. It also includes programs that offer car door openers, car door reachers, gas cap openers, seating restraints, specially designed rear view mirrors and other accessories.

Disability Related Transportation provides door-to-door or curb-to-curb transportation for purposes of shopping, banking, social events, medical appointments and other activities for people with disabilities who need special accommodations and are unable to utilize other available means of transportation. These include programs that provide transportation for young children with disabilities who have no other means of accessing necessary specialized services and activities.

Escort Programs accompany people who have limited mobility, cognitive impairments or other problems to specified destinations. They also provide assistance with transportation or driving services, entering and leaving a vehicle or building, carrying packages, helping a person deal with other challenges or providing emotional support. Escort programs assist older adults and people with disabilities.

Medical Transportation provides non-emergency transportation for individuals who require routine medical services and who, due to financial problems or a physical condition, are unable to use other available means of transportation.

Senior Ride Programs provide door-to-door or curb-to-curb transportation for the purpose of medical appointments, shopping, banking, social events and other activities for older adults who need special accommodations and are unable to use other available means of transportation.

TDD/TYY Number:

Website Address:

www.niagaracounty.com

Email Address:

Hours of Operation:

Office: 8:00 am to 4:00 pm, Monday through Friday.

Services Provided:

Children with Special Health Care Needs Program: networks families with community resources and programs, provides support and guidance, information about children with special needs, illness and disability, and offers advice with issues such as insurance, equipment, education and respite care.

Early Intervention Program: evaluation services including hearing and vision screening, home visits, speech, physical and other therapies, child development groups, family counseling, and help with transportation.

Physically Handicapped Children's Program: assistance with the cost of medical care for children with health problems.

Preschool Special Education Program: evaluations and specially planned individual or group instructional services or programs.

Eligibility Requirements:

Children with Special Health Care Needs Program: must be age 0 –21 with a referral.

Physically Handicapped Children's Program: must be age 0—21 with a chronic medical condition.

Preschool Special Education Program: must be age 3-5 with a qualifying evaluation determining a child is a preschooler with a disability.

Early Intervention Program: must be age 0 –2 with a qualifying evaluation demonstrating child had developmental delay or diagnosed condition.
