

# Niagara County Department of Health

## Tobacco Sales Certification Training Session

**Owners, Operators, Managers, Clerks, and Cashiers of all retail operations that are licensed by NYS DTF to sell tobacco products are strongly encouraged to attend.**

**Why take this class?** The Tobacco Law and the enforcement point system developed by the NYS Department of Health which states that effective June 28, 2003 your establishment will be assessed the full 2-point penalty for selling tobacco to a minor.

**What does this mean to you?** If you accumulate 3 points on your record in any 3-year period, the State will suspend your tobacco license and lottery license for 6 months. Also you will be assessed fines that could reach thousands of dollars.

**How to avoid this.** This certified class will help reduce your risk of fines and help prevent youth access to tobacco products. Your point penalty is reduced to 1-point if your employee has been to a certified training class.
