Niagara County School COVID-19 Testing Schedule

The Niagara County Department of Health in partnership with Niagara County school districts offer FREE COVID-19 testing for **students, faculty and staff for all schools in Niagara County**. Household members and close contacts of school-affiliated individuals may also utilize this testing. The objective of this testing is to minimize the disruption to in-person learning from COVID-19.

All individuals will receive an antigen test, results are available in 15 minutes. Based on antigen results and close contact to a positive case/severity of symptoms, clinical staff may recommend a PCR test. PCR results are typically available within 48 hours. School districts are notified of testing results daily, you will be contacted directly for a positive test only.

Testing is available for the following:

- Mandatory weekly testing of unvaccinated faculty and staff
- Return to school testing for SYMPTOMATIC individuals (regardless of vaccination status) with NO KNOWN exposure to a COVID-19 positive contact
- All close contacts should have a diagnostic test 5 days after their last contact to the COVID-19 positive individual
- Screening testing for individuals (regardless of vaccination status) with NO SYMPTOMS and NO KNOWN exposure who are concerned about their COVID-19 status

Testing is NOT appropriate for travel, attendance at concerts, sporting events or other recreational activities.

Appointments are **REQUIRED**. Please click the link to register for the testing clinic you would like to test at. If you are symptomatic please notify the testing staff before you enter the site.

Please bring school ID or other proof of employment/attendance at a Niagara County school.
