

§ 301. Definitions. When used in this article: (see 13 below)

1. "Agricultural assessment value" means the value per acre assigned to land for assessment purposes determined pursuant to the capitalized value of production procedure prescribed by section three hundred four-a of this article.

2. "Crops, livestock and livestock products" shall include but not be limited to the following:

a. Field crops, including corn, wheat, oats, rye, barley, hay, potatoes and dry beans.

b. Fruits, including apples, peaches, grapes, cherries and berries.

c. Vegetables, including tomatoes, snap beans, cabbage, carrots, beets and onions.

d. Horticultural specialties, including nursery stock, ornamental shrubs, ornamental trees and flowers.

e. Livestock and livestock products, including cattle, sheep, hogs, goats, horses, poultry, ratites, such as ostriches, emus, rheas and

kiwis, farmed deer, farmed buffalo, fur bearing animals, wool bearing animals, such as alpacas and llamas, milk, eggs and furs.

f. Maple sap.

g. Christmas trees derived from a managed Christmas tree operation whether dug for transplanting or cut from the stump.

h. Aquaculture products, including fish, fish products, water plants and shellfish.

i. Woody biomass, which means short rotation woody crops raised for bioenergy, and shall not include farm woodland.

j. Apiary products, including honey, beeswax, royal jelly, bee pollen,

propolis, package bees, nucs and queens. For the purposes of this

paragraph, "nucs" shall mean small honey bee colonies created from

larger colonies including the nuc box, which is a smaller version of a

beehive, designed to hold up to five frames from an existing colony.

3. "Farm woodland" means land used for the production for sale of woodland products, including but not limited to logs, lumber, posts and

firewood. Farm woodland shall not include land used to produce Christmas

trees or land used for the processing or retail merchandising of woodland products.

4. "Land used in agricultural production" means not less than seven

acres of land used as a single operation in the preceding two years for

the production for sale of crops, livestock or livestock products of an

average gross sales value of ten thousand dollars or more; or, not less

than seven acres of land used in the preceding two years to support a

commercial horse boarding operation with annual gross receipts of ten

thousand dollars or more. Land used in agricultural production shall not

include land or portions thereof used for processing or retail

merchandising of such crops, livestock or livestock products. Land used

in agricultural production shall also include:

a. Rented land which otherwise satisfies the requirements for

eligibility for an agricultural assessment.

a-1. Land used by a not-for-profit institution for the purposes of

agricultural research that is intended to improve the quality or

quantity of crops, livestock or livestock products. Such land shall

qualify for an agricultural assessment upon application made pursuant to

paragraph (a) of subdivision one of section three hundred five of this

article, except that no minimum gross sales value shall be required.

b. Land of not less than seven acres used as a single operation for

the production for sale of crops, livestock or livestock products,

exclusive of woodland products, which does not independently satisfy the

gross sales value requirement, where such land was used in such

production for the preceding two years and currently is being so used

under a written rental arrangement of five or more years in conjunction

with land which is eligible for an agricultural assessment.

c. Land used in support of a farm operation or land used in

agricultural production, constituting a portion of a parcel, as

identified on the assessment roll, which also contains land qualified

for an agricultural assessment.

d. Farm woodland which is part of land which is qualified for an agricultural assessment, provided, however, that such farm woodland attributable to any separately described and assessed parcel shall not exceed fifty acres.

e. Land set aside through participation in a federal conservation program pursuant to title one of the federal food security act of nineteen hundred eighty-five or any subsequent federal programs established for the purposes of replenishing highly erodible land which has been depleted by continuous tilling or reducing national surpluses of agricultural commodities and such land shall qualify for agricultural assessment upon application made pursuant to paragraph a of subdivision one of section three hundred five of this article, except that no minimum gross sales value shall be required.

f. Land of not less than seven acres used as a single operation in the preceding two years for the production for sale of crops, livestock or livestock products of an average gross sales value of ten thousand dollars or more, or land of less than seven acres used as a single operation in the preceding two years for the production for sale of crops, livestock or livestock products of an average gross sales value of fifty thousand dollars or more.

g. Land under a structure within which crops, livestock or livestock products are produced, provided that the sales of such crops, livestock or livestock products meet the gross sales requirements of paragraph f of this subdivision.

h. Land that is owned or rented by a farm operation in its first or second year of agricultural production, or, in the case of a commercial horse boarding operation in its first or second year of operation, that consists of (1) not less than seven acres used as a single operation for the production for sale of crops, livestock or livestock products of an annual gross sales value of ten thousand dollars or more; or (2) less

than seven acres used as a single operation for the production for sale

of crops, livestock or livestock products of an annual gross sales value

of fifty thousand dollars or more; or (3) land situated under a

structure within which crops, livestock or livestock products are

produced, provided that such crops, livestock or livestock products have

an annual gross sales value of (i) ten thousand dollars or more, if the

farm operation uses seven or more acres in agricultural production, or

(ii) fifty thousand dollars or more, if the farm operation uses less

than seven acres in agricultural production; or (4) not less than seven

acres used as a single operation to support a commercial horse boarding

operation with annual gross receipts of ten thousand dollars or more.

i. Land of not less than seven acres used as a single operation for

the production for sale of orchard or vineyard crops when such land is

used solely for the purpose of planting a new orchard or vineyard and

when such land is also owned or rented by a newly established farm

operation in its first, second, third or fourth year of agricultural

production.

j. Land of not less than seven acres used as a single operation for

the production and sale of Christmas trees when such land is used solely

for the purpose of planting Christmas trees that will be made available

for sale, whether dug for transplanting or cut from the stump and when

such land is owned or rented by a newly established farm operation in

its first, second, third, fourth or fifth year of agricultural

production.

k. Land used to support an apiary products operation which is owned by

the operation and consists of (i) not less than seven acres nor more

than ten acres used as a single operation in the preceding two years for

the production for sale of crops, livestock or livestock products of an

average gross sales value of ten thousand dollars or more or (ii) less

than seven acres used as a single operation in the preceding two years for the production for sale of crops, livestock or livestock products of an average gross sales value of fifty thousand dollars or more. The land used to support an apiary products operation shall include, but not be limited to, the land under a structure within which apiary products are produced, harvested and stored for sale; and a buffer area maintained by the operation between the operation and adjacent landowners.

Notwithstanding any other provision of this subdivision, rented land associated with an apiary products operation is not eligible for an agricultural assessment based on this paragraph.

5. "Oil, gas or wind exploration, development or extraction activities" means the installation and use of fixtures and equipment which are necessary for the exploration, development or extraction of oil, natural gas or wind energy, including access roads, drilling apparatus, pumping facilities, pipelines, and wind turbines.

6. "Unique and irreplaceable agricultural land" means land which is uniquely suited for the production of high value crops, including, but not limited to fruits, vegetables and horticultural specialties.

7. "Viable agricultural land" means land highly suitable for agricultural production and which will continue to be economically feasible for such use if real property taxes, farm use restrictions, and speculative activities are limited to levels approximating those in commercial agricultural areas not influenced by the proximity of non-agricultural development.

8. "Conversion" means an outward or affirmative act changing the use of agricultural land and shall not mean the nonuse or idling of such land.

9. "Gross sales value" means the proceeds from the sale of:
a. Crops, livestock and livestock products produced on land used in agricultural production provided, however, that whenever a crop is

processed before sale, the proceeds shall be based upon the market value

of such crop in its unprocessed state;

b. Woodland products from farm woodland eligible to receive an agricultural assessment, not to exceed two thousand dollars annually;

c. Honey and beeswax produced by bees in hives located on an otherwise qualified farm operation but which does not independently satisfy the gross sales requirement;

d. Maple syrup processed from maple sap produced on land used in agricultural production in conjunction with the same or an otherwise qualified farm operation;

e. Or payments received by reason of land set aside pursuant to paragraph e of subdivision four of this section;

f. Or payments received by thoroughbred breeders pursuant to section two hundred fifty-four of the racing, pari-mutuel wagering and breeding law; and

g. Compost, mulch or other organic biomass crops as defined in subdivision sixteen of this section produced on land used in agricultural production, not to exceed five thousand dollars annually.

11. "Farm operation" means the land and on-farm buildings, equipment, manure processing and handling facilities, and practices which contribute to the production, preparation and marketing of crops, livestock and livestock products as a commercial enterprise, including a "commercial horse boarding operation" as defined in subdivision thirteen of this section, "timber processing" as defined in subdivision fourteen of this section and "compost, mulch or other biomass crops" as defined in subdivision sixteen of this section. For purposes of this section, such farm operation shall also include the production, management and harvesting of "farm woodland", as defined in subdivision three of this section. Such farm operation may consist of one or more parcels of owned or rented land, which parcels may be contiguous or noncontiguous to each other.

12. "Agricultural data statement" means an identification of farm operations within an agricultural district located within five hundred feet of the boundary of property upon which an action requiring municipal review and approval by the planning board, zoning board of appeals, town board, or village board of trustees pursuant to article sixteen of the town law or article seven of the village law is proposed, as provided in section three hundred five-a of this article.

13. "Commercial horse boarding operation" means an agricultural enterprise, consisting of at least seven acres and boarding at least ten horses, regardless of ownership, that receives ten thousand dollars or more in gross receipts annually from fees generated either through the boarding of horses or through the production for sale of crops, livestock, and livestock products, or through both such boarding and such production. Under no circumstances shall this subdivision be construed to include operations whose primary on site function is horse racing. Notwithstanding any other provision of this subdivision, a commercial horse boarding operation that is proposed or in its first or second year of operation may qualify as a farm operation if it is an agricultural enterprise, consisting of at least seven acres, and boarding at least ten horses, regardless of ownership, by the end of the first year of operation.

14. "Timber processing" means the on-farm processing of timber grown on a farm operation into woodland products, including but not limited to logs, lumber, posts and firewood, through the use of a readily moveable, nonpermanent saw mill, provided that such farm operation consists of at least seven acres and produces for sale crops, livestock or livestock products of an annual gross sales value of ten thousand dollars or more and that the annual gross sales value of such processed woodland products does not exceed the annual gross sales value of such crops,

livestock or livestock products.

15. "Agricultural tourism" means activities conducted by a farmer on-farm for the enjoyment or education of the public, which primarily promote the sale, marketing, production, harvesting or use of the products of the farm and enhance the public's understanding and awareness of farming and farm life.

* 16. "Apiary products operation" means an agricultural enterprise, consisting of land owned by the operation, upon which bee hives are located and maintained for the purpose of producing, harvesting and storing apiary products for sale.

* NB There are 2 sb 16's

* 16. "Compost, mulch or other organic biomass crops" means the on-farm processing, mixing, handling or marketing of organic matter that is grown or produced by such farm operation to rid such farm operation of its excess agricultural waste; and the on-farm processing, mixing or handling of off-farm generated organic matter that is transported to such farm operation and is necessary to facilitate the composting of such farm operation's agricultural waste. This shall also include the on-farm processing, mixing or handling of off-farm generated organic matter for use only on that farm operation. Such organic matter shall include, but not be limited to, manure, hay, leaves, yard waste, silage, organic farm waste, vegetation, wood biomass or by-products of agricultural products that have been processed on such farm operation.

The resulting products shall be converted into compost, mulch or other organic biomass crops that can be used as fertilizers, soil enhancers or supplements, or bedding materials. For purposes of this section,

"compost" shall be processed by the aerobic, thermophilic decomposition of solid organic constituents of solid waste to produce a stable, humus-like material.
